CONTENTS

Number 1, Jan/Feb 1982

1 Annotation
The classification of tumours of the central nervous system
R. O. Barnard

11 Muscle fibre size and shape in Duchenne muscular dystrophy
S. C. Watkins and M. J. Cullen

19 The pattern of recovery of axons in the nervous system of rats following 2,5-hexanediol intoxication: a question of rheology?
J. B. Cavanagh

35 Demyelination induced in mice by avirulent Semliki Forest virus. I Virology and effects on optic nerve
Shirin J. Illavia, H. E. Webb and Snehlata Pathak

43 Demyelination induced in mice by avirulent Semliki Forest virus. II. An ultrastructural study of focal demyelination in the brain
W. R. Kelly, W. F. Blakemore, S. Jagelman and H. E. Webb

55 Immunohistochemical staining of senile plaques
D. M. A. Mann, J. S. Davies, J. Hawkes and P. O. Yates

63 Chronic relapsing experimental allergic encephalomyelitis in the guinea-pig: in-vitro analysis of meningeal inflammatory cells
Greta Allsopp and J. L. Turk

71 Short Communication
Effects of age on cerebral amyloid plaques in murine scrapie
Moira E. Bruce and H. Fraser

75 Report of Meeting
Glioma research in Great Britain: formation of the British Glioma Group

77 Obituary
Edward Weston Hurst 1900–1980

78 Notice

79 Book reviews

Number 2, Mar/Apr 1982

81 Historical survey
The concept of a sensorimotor cortex: its later history during the twentieth century
A. Meyer

95 Changes in nervous tissue in bovine generalized glycogenosis type II
R. D. Cook, J. McC. Howell, P. R. Dorling and R. B. Richards

109 Effects of haloperidol on cell proliferation in the early postnatal rat brain
B. Backhouse, O. Barochovsky, C. Malik, A. J. Patel and P. D. Lewis

117 A quantitative study of vascular permeability to horseradish peroxidase, and the subsequent fate of the tracer, in rat brains after portocaval anastomosis
B. E. H. Sumner

135 Factors which affect the fusion of allogeneic muscle precursor cells *in vivo*
Diana J. Watt

149 Brief report
Pathogenicity of a poliomyelitis-like disease in monkeys infected orally with enterovirus 71: a model for human infection
Isao Hashimoto and Akio Hagiwara

157 Book reviews

160 Obituary
Neville Sydney Fred Proctor 1922–1981

Number 3, May/June 1982

161 Annotation
Nerve cell protein metabolism and degenerative disease
D. M. A. Mann

177 Neuronal and lymphocytic populations in human trigeminal ganglia: implications for ageing and for latent virus
M. J. Ball, K. Nuttal and K. G. Warren

189 The effects of castration on the subependymal plate of the rat
B. Hopkins and J. W. Hopewell

197 Complete cerebral ischaemia in the rat: an ultrastructural and stereological analysis of the distal stratum radiatum in the hippocampal CA-1 region
D. K. J. Ekström von Lubitz and N. H. Diemer

217 Antisera against ganglioside G_{M2}: immunochemical and immunohistological studies
Beatrix Schwerer, H. Lassmann and H. Bernheimer

227 Brief report
The role of glutamine synthetase in the diagnosis of cerebral tumours
G. L. Pilkington and P. L. Lantos

237 Proceedings of the sixty-second meeting of the British Neuropathological Society held at the Royal Free Hospital, London, 7–8 January 1982

248 Book reviews

Number 4, July/Aug 1982

251 Annotation
The mitochondrial disorders: pathogenesis and aetiological classification
S. Tassin and J. M. Brucher

265 The effect of X-radiation given after neonatal administration of ethyl nitrosourea on incidence of induced nervous system tumours
J. F. Knowles

277 The development of retinitis in mice with non-fatal herpes simplex encephalitis
Janice R. Anderson and H. J. Field

289 The early evolution of neurofilamentous accumulations due to 2,5-hexanediol in the optic pathways of the rat
H. B. Jones and J. B. Cavanagh

303 Retarded fetal brain development resulting from severe dietary iodine deficiency in sheep
B. J. Potter, M. T. Mano, G. B. Belling, G. H. McIntosh, C. Hua, B. G. Cragg, J. Marshall, M. L. Wellby and B. S. Hetzel

315 The pathokinetics of acrylamide intoxication: a reassessment of the problem
J. B. Cavanagh

337 Report of the second meeting of the British Glioma Group held at the University of Southampton Medical School, 26 March 1982

339 Book reviews

Number 5, Sept/Oct 1982

341 Glial cell responses in the adult rabbit dorsal motor vagal nucleus during axon reaction
H. Aldskogius

351 IDPN neuropathy in the cat: coexistance of proximal and distal axonal swellings
J. W. Griffin, B. G. Gold, Linda C. Cork, D. L. Price and H. E. Lowndes

365 Ethidium bromide induced demyelination in the spinal cord of the cat
W. F. Blakemore

377 Basal ganglia degeneration, myelin alterations, and enzyme inhibition induced in mice by the plant toxin 3-nitropropanoic acid
D. H. Gould and D. L. Gustine

395 Virus titres and persistently raised white cell counts in cerebrospinal fluid in mice after peripheral infection with demyelinating Semliki Forest virus
Linda M. Parsons and H. E. Webb

403 In-situ characteristization of mononuclear cell infiltrates in lesions of multiple sclerosis
H. Nyland, S. Mörk and R. Matre

413 Brief report
Electron microscopic study of intranuclear spheres of Bouteille type-III in astrocytes with special reference to liver carcinoma
P. H. Gibson

419 Book reviews

Number 6, Nov/Dec 1982

421 Annotation
Action of pyrethroid insecticides on the vertebrate nervous system
H. P. M. Vijverberg and J. van den Bercken

441 A change in susceptibility of rat cerebellar Purkinje cells to damage by alcohol during fetal, neonatal and adult life
S. C. Phillips and B. G. Cragg

455 A change in susceptibility of rat cerebellar Purkinje cells to damage by acetaldehyde during fetal, neonatal and adult life
S. C. Phillips and B. G. Cragg

465 The effects of acrylamide on β-glucuronidase and acid phosphatase activities in rat sciatic nerve above the below a ligature
J. B. Cavanagh and C. C. Nolan

477 The development of human fetal dorsal root ganglia *in vitro:* the first 20 days
Kathrene Crawford and Patricia Armati-Gulson

489 A method for determining tentorial herniation in closed-head injury from a quantitative estimation of cerebral trauma
P. H. Gibson

495 Book reviews

497 Obituary

499 Author and subject index to Volume 8
